

Wayne County United Soccer Club Family,

For this upcoming season we will again be offering the **"Welcome to Wayne"** Program. The last three years proved to be a success so we wanted to keep the momentum.

As with any organization, year over year growth is key. Who better to help WCUSC grow than our current members! For the upcoming Fall 2022 and Spring 2023 seasons, we will be offering this referral incentive for your assistance to grow our total membership.

For the upcoming tryouts we will **kick-off** this initiative to encourage our existing players to get more involved from Academy to Classic. We want to continue to build up our club throughout Wayne and surrounding counties by rewarding our existing members and prospective members by discounting this years registration fee by \$100.00. With times a little tight, this extra incentive may be the difference in someone playing or not. So we are encouraging parents and players to talk with your friends, classmates, neighbors, and fellow athletes by encouraging them to come out to tryouts.

Simply have the referred prospective player(s) complete the second page of the form and bring it to tryouts. Be sure they list your player's name and age group so credit is given. As with any discount program there are rules that will apply in order to receive the discount. They are:

- Prospective players are considered "eligible" if they did not play on a WCUSC team during the Fall 2021 or Spring 2022 seasons (full or partial participation).
- Both the existing and prospective player(s) must attend their age group tryouts.
- Complete and turn in the form at the registration booth the first tryout day. No soliciting at the gate.
- Both the existing and prospective player(s) must be offered a spot to play on an Academy or Classic WCUSC team for the 2022 - 2023 seasons and come to commitment night.
- The teams must have enough players to compete during the season. If a team does not have numbers or dissolves, the discount will not apply to either the existing or prospective player.
- Both the existing and prospective player(s) must accept the position offered and pay the full commitment fee for the 2022 - 2023 season.
- No additional discounts will be applied to a scholarship player. However, those players are still welcome to bring prospects with them.
- If a prospective player is offered a practice spot, the existing club player will not be given a discount. However, if a practice player is promoted, a partial discount may be granted.
- Any player receiving the \$100.00 discount will receive the credit on their last payment due. Players paying up-front and in-full will receive the full \$100.00 discount at the time of full payment.
- No prospective player may refer another prospective player(s) to lower their fees.
- Any existing player who brings multiple prospective players that are offered spots will receive a \$100.00 discount for each new player not to exceed the 2022 - 2023 seasonal fees. No credits will be rolled over to the next season or be applied to any past due balance.
- Discounts cannot be applied to ref fees, tournament fees, team gear or uniforms.
- A prospective player can only be listed by one existing player. This will be tracked by club Treasurer.
- An existing player cannot refer a prospective player that is a sibling or family member.

If there are questions about the program please speak with Steve Ellis, Director of Coaching, or a WCUSC Board Member.

Tryout Referral Form

This form must be completed and brought to the first day of tryouts.

Prospective player Name (First & Last) _____ Birth Year _____

Parents Name _____ Phone Number _____

Referred by player Name (First & Last) _____ Birth Year _____
